Hi Mike,

Please find attached draft talking points for the RA for his upcoming CFAC visit. Mostly copied and pasted from previous letters/materials. You may want to add if I missed anything and remove some of the content that may not be useful. Let me know if you have any changes. Thanks Mike!

Subject: Talking points

Hi Robert,

How is the "Talking Points" going? I just got a call from Martin Hestmark and he is looking for Shaun's Talking points.
